Absences or Tardies

Research has consistently shown that students who attend school regularly and on time usually experience greater academic success. Please make every effort to ensure your child's prompt and regular attendance.

There are times when children should not be in school because of illness, injury, or other reasons. It is the parent's responsibility to contact the school by 8:00 a.m. if a child will not be in school.

If your child is ill at school, a representative from the school will contact you. If a parent cannot be reached, the school will attempt to contact others listed on the emergency sheet. We will release students only to authorized individuals. Please update these phone numbers immediately if there are changes.

Children may be excused from participation in any activity that is contrary to your religious beliefs. Simply send a note to the school office listing activities in which your child should not participate. If your child must miss school for special religious instruction, services, or holidays, please send a note to the school office before the absence.

If your child needs to be excused from school for a doctor or dentist appointment, please let the office know in the morning. Please sign your child out when you leave and back in when you return.

For the complete Des Moines Public Schools attendance policy, please refer to Appendix B.

Care of School Property

Staff, students, parents, and community take great pride in schools and their appearance. We expect students to take care of school property including their desks, chairs, books, lockers, and school equipment. We do not tolerate vandalism. We require parents to reimburse the school district for any school property their child may have intentionally damaged or destroyed.

Contacting Your Child at School

If you need to contact your child during the school day, you may telephone, email, or visit the school office. To prevent disruption of the class, the office will deliver a message to your student.

Corporal Punishment, Restraint, and Physical Confinement and Detention

State law forbids school employees from using corporal punishment against any student. School employees may use "reasonable and necessary force, not designed or intended to cause pain" to do certain things, such as prevent harm to persons or property.

State law also places limits on school employees' abilities to physically confine and detain and to physically restrain any student. The law limits why, how, where, and for how long a school employee may physically confine and detain and physically restrain a child. If a child is restrained, or confined and detained, the school must maintain documentation and must provide certain types of notice to the child's parent as required by Iowa Administrative Code Chapter 103.

Curriculum Guides

Subject and grade level information can be found on the district website at www.dmschools.org

Directory Information

The Family Educational Rights and Privacy Act (FERPA) requires that the Des Moines Independent Community School District designate as "directory information" any personally identifiable information taken from a student's educational records prior to making such information available to the public.

The Des Moines Independent Community School District has designated the following information as directory information:

1. Student's name, address, telephone number, and e-mail address
2. Parent's name, address and telephone number
3. Date and place of student's birth
4. Curriculum (major field of study)
5. Year in school
6. Participation in recognized organizations, activities and sports
7. Weight and height of members of athletic teams
8. Degrees, awards and honors received
9. The most recent educational institution attended by the student
10. Photographs of the student
11. Date of attendance at the school district (general periods of time during which an individual attended or was enrolled in an educational agency or institution)

You as a parent, or eligible student, have the right to refuse the designation or release of any or all of the categories of personally identifiable information as directory information provided that you notify the School District in writing no later than September 10 of the current school year (or within two weeks of the date of enrollment in the District if such enrollment occurs after September 10). If no timely objection or refusal is received by the district, the District will presume that consent is given for the designation and release of the student's directory information. For example, if a reporter takes pictures of student groups and identifies names, this would be permitted if a parent has not filed a refusal letter with the principal.

Note: Any information not designated by the District as directory information will be considered record under FERPA and may not be released to the public without prior parental or eligible student consent.

Education and Employment Equity

We are committed to including people from all backgrounds in our schools. For the complete district policy on education and employment equity, please see Des Moines Public Schools Policies: Appendix B Code(s) 402.1, 402.2, 454, and 601.

Electronic Devices

Electronic devices are to be used for educational purposes if taken to school. Use may be limited by building policies in certain instances or locations.

Emergency Drills

To make sure that the children learn how to leave the building safely when they hear the fire alert signal, the school will conduct a fire drill once a month. In addition to monthly fire drills, the school will also conduct tornado drills. Each school has also designed a comprehensive evacuation plan in case of an emergency. Staff reviews the plan regularly.

Emergency Information

Emergency Information is for your student's protection. **Please update the emergency information as needed.** We must have a way to contact you or someone you have designated in case of an emergency. Let us know immediately of any changes in information such as your job location, childcare provider, phone numbers, or addresses. Be sure to include all names of individuals authorized to pick your child up from school.

Field Experiences

Properly planned, well-conducted and carefully supervised field experiences are a vital part of the curriculum. Student trips allow students to learn from first-hand experiences and observations beyond the walls of the school building. They help students view the whole world as their learning environment. Parents will be notified when these experiences are scheduled.

It is district policy that pupils will not be permitted to leave school grounds for a field experience until a statement of permission from a parent is on file at school. A parent or guardian must grant permission for each field experience. Any exception to this would need to be approved by the principal. All school rules apply for field experiences, and any student who does not abide by the expectations will receive disciplinary action.

Food/Treats

The risk of food borne illnesses is taken into account in the preparation and handling of food at school. The District uses guidelines that allow for school communities to enjoy food at school functions but to do so in a way that best minimizes the risks of spreading food borne illnesses. Copies of the district's food guidelines are available from the building principal or school nurse.

Lunch and Breakfast Programs

All Des Moines Public Schools serve lunch and breakfast daily. Students can download a monthly menu, the menu is also posted on the district website (www.dmschools.org) under departments/operations/food & nutrition. The menu can also be found on the dmschools homepage as well as most individual schools' webpage. You can also access menus using the DMSchools app.

Each student has a meal account with a number that is entered when food is purchased. Money may be deposited by cash or check made payable to (school name) cafeteria or by going to www.myschoolbucks.com and setting up an account to pay for meals using a credit or debit card. The easiest way to get connected to the "myschoolbucks" site is through the Food & Nutrition homepage. Students must have money in their account to purchase an individual milk or an extra entrée even if the student qualifies for free or reduced meals or eats a CEP (community eligible provision) school. By setting up an online account you will be able to view what your child has purchased and also set up email notifications to alert you when your child's balance is low.

Schools will publish new lunch and breakfast prices each year and parents should annually consider completing an Iowa eligibility application. Children whose families complete an Iowa eligibility application annually may qualify for free or reduced price meals. Eligibility is based on household income.

Children who were approved for free or reduced meals during the previous school year will continue to be eligible for free or reduced meals for the first 30 days of the new school year. However, if an application is not completed by the end of the first 30 days they will be required to pay for meals until another application is completed and approved.

<https://www.dmschools.org/departments/operations/food-nutrition/pay-for-school-meals-online/>

Therefore, it is recommended that a new application be completed at the beginning of each school year.

An application may be completed at any time during the school year. If your household income declines you are encouraged to complete an application at that time. If a change is reported that will increase benefits that change will be made.

Students requiring special dietary accommodations should contact the school nurse. A special diet form (available on the district website) also needs to be completed and signed by a physician.

Fundraising

Most schools conduct fund raising activities, often coordinated through PTA or PTO organizations, which are expected to adhere to Des Moines Public Schools Policies:

Code 547.1	Fund-Raising
Code 764	Food Items Offered or Sold

Medical Information:

Handicapped Accessibility

Persons with disabilities who need information about accessibility to the building or who need sign or language interpreters should contact the principal or the central administration office.

Health Information

The district respects your child's privacy and takes measures to assure the security of student health records. Information regarding health problems that may affect student performance should be communicated directly to the school nurse. The school nurse may share educationally relevant health information according to Family Educational Rights Privacy Act (FERPA)

Illness/Injury

Parents are required to complete health information each year to assist school staff in informing them of important information about their child's school health experiences. Parents are encouraged to notify the school of any changes to emergency contacts and health care providers so that school staff are best able to serve the needs of your child should they become ill or injured at school.

Immunizations

For the safety of all, Iowa law requires that children have the required immunizations before entering school. A list of current immunization requirements can be obtained from the school nurse, Primary Care Provider or Polk County Public Health. The school nurse will review the records and work with you to ensure that your child has the immunizations required to attend school. Please provide the school with copies of these records as soon as possible so that the requirements to attend school can be met and loss of instruction can be avoided. In case of a public health crisis involving preventable diseases there will be further information and guidance from PCHD.

School Medication Guidelines/Drug Policy

Written parent/guardian consent is required for medications to be given at school. Medications must be in the original pharmacy container appropriately labeled with the student's name and details for medication administration.

The school nurse will confer with the parent and the child's doctor to determine the appropriate use of medications at school. Only appropriately trained school staff under the direction of the school nurse, are allowed to give medication at school.

With written parental permission, the school nurse may administer an age appropriate dose of Acetaminophen or Ibuprofen (up to a total of 5 doses per school year) without a doctor's order. Treatment protocols used in determining the appropriateness of administering these medications are available for review through the school nurse. Cough drops and Chap Stick will be allowed in class. Teachers can refuse the privilege if misused.

Unless authorized by the school nurse, students may not be in possession of drugs of any kind while they are on school property. If students disobey this policy, they may be subject to disciplinary action.

Student Accident Insurance

The school does not carry individual accident insurance on students. If you are interested in information regarding how Parents are responsible for their children's medical costs even if the child is injured while at school. The school does not carry individual accident insurance on students

Student Physicals/Health Screenings

Health physicals are recommended for students entering grades 6th and 9th. Students wishing to participate in athletics must have a current physical examination (within 13 months of participating in the sport) by an approved health care provider. Completed physical forms should be given to the school nurse.

Hearing, vision, dental and height/weight screenings are regularly provided, (contact the school nurse for a screening schedule). Parents will be notified about the results of these screenings only if problems requiring follow-up are noted. If you do not want your child to participate in the screening programs, please notify the school nurse.

Healthy Kids Act/Physical Activity Requirements:

In 2008, the Iowa Legislature enacted "The Healthy Kids Act," requiring that all students in grades 6-12 engage in physical activity for a minimum of 120 minutes per week in which there are at least five days of school. The law also requires that we monitor how students fulfill this requirement. Parent(s)/Guardian(s) are to fill out the form provided during registration (see below for the form example) to account for the extra physical activity each student will be doing to fulfill this requirement.

Homework

There is a positive correlation between homework and student achievement. Homework may be assigned at all grade levels. Homework is assigned in order to:

- a) enable students to learn more about a topic that has been presented in class
- b) provide students with essential practice in needed skills
- c) enrich and extend school experiences
- d) allow the teacher to provide for individual differences
- e) help develop good work habits and responsibility
- f) assist students in learning to make wise use of time

Illegal Items in a Student's Possession

In the interest of everyone's safety, students possessing illegal items, such as weapons and drugs, will be swiftly and firmly disciplined. It is important that students know the seriousness of these actions. All Des Moines Public Schools are Drug Free Zones. **Parents must share the responsibility** of telling their students that it is against the law and school board policy to distribute, dispense, manufacture, possess, use, or be under the influence of alcohol, illegal drugs, or look-a-like substances while at school or school activities. Likewise, students may not distribute, dispense, manufacture, possess, use, or be under the influence of tobacco, tobacco products or look-a-like substances.

Weapons are not allowed on school grounds or at school activities with the exception of weapons in the control of law enforcement officials or those being used for educational purposes and approved by the principal.

Under Federal and State Law, any student bringing a firearm to school or possessing a firearm at school will be suspended and recommended for expulsion for not less than one year.

For more information, refer to Student Discipline Code and Procedures, Appendix A

Library Use Permission

Students who are registered in the Des Moines Public Schools may check out the allotted number of books from their school's library. No fees will be charged for using the school library, and no fines will be charged for overdue books. However, only students who return their books will have the privilege of continued checkout.

Schools will charge a reasonable fee for lost or damaged books and school property.

Any parent who wishes to rescind the library privilege for a child may contact the principal in writing.

Lunch and Breakfast Programs

All Des Moines Public Schools serve lunch and breakfast daily. Students can download a monthly menu, the menu is also posted on the district website (www.dmschools.org) under departments/operations/food & nutrition. The menu can also be found on the dmschools homepage as well as most individual schools' webpage. You can also access menus using the DMSchools app.

<https://www.dmschools.org/departments/operations/food-nutrition/pay-for-school-meals-online/>

Therefore, it is recommended that a new application be completed at the beginning of each school year.

An application may be completed at any time during the school year. If your household income declines you are encouraged to complete an application at that time. If a change is reported that will increase benefits that change will be made. An increase in income does not need to be reported until the following school year.

Students requiring special dietary accommodations should contact the school nurse. A special diet form (available on the district website) also needs to be completed and signed by a physician.

Open Enrollment

As a resident of Des Moines and Iowa, you have several open enrollment options for your child. Your child may attend the neighborhood school, attend another school within the district (*Within District Open Enrollment*), or seek to attend school in another district (*Between District Open Enrollment*). Parents seeking to open enroll their student to a school other than their neighborhood school must complete an application form. Approvals are not automatic, and some restrictions may apply. The District may reject a within-district application if the number of students in that grade level is too high. Within District and Between District applications may also be denied if the enrollment or release of a student will adversely affect implementation of the district's diversity plan. Students and their parents who have planned to attend a school other than their home school should begin to consider the implications of open enrollment denials. We encourage students to become familiar with their home school, its students, and its activities.

Applications for open enrollment must be made between July 1 and March 1 of the preceding school year. Applications may be obtained at the student's home school or the district's main offices, 901 Walnut Street, Des Moines, IA 50309. For a copy of this year's open enrollment policy and deadlines, talk to your building principal or call the Open Enrollment Department at 242-7707.

Parent-Teacher Association (Organization) Information

Most schools have a parent-teacher organization. Each school's parent group has the option of belonging to the local, state, and/or national organization. Most organizations meet monthly and offer a variety of activities and services that are supportive to schools. Everyone can be a member of PTA or PTO, which brings together home, school, and community interests...serving as a voice for children. Contact your local school for information about their parent-teacher organization.

School Bus Rules

The Des Moines Public School District intends to provide safe transportation for all students eligible for bus service. It is imperative that students conduct themselves so that the bus driver's attention is on driving. Students who do not obey bus rules will be subject to disciplinary action.

Please review and explain the following expectations to your children and be sure they understand and follow these rules.

1. Obey the driver at all times.
2. Be on time for the bus, both morning and afternoon.
3. Wait for the bus at a safe distance from the curb.
4. Stay seated until time to get off the bus.
5. Store all carry-on items out of the aisle.
6. Keep your hands, arms, head and personal belongings inside the bus at all times.
7. Keep noise at a reasonable level. Conversations should be in normal tones. Silence must be observed while crossing railroad tracks.
8. Refrain from using profanity (by word or gesture).
9. Wrestling among students or throwing objects is prohibited.
10. Do not damage the bus or seat covers.
11. Smoking, igniting any item, or use of a controlled substance is prohibited.
12. Maintain a tidy bus; no littering.
13. Eating on the bus is allowed, if permitted by the driver.
14. Enter and leave the bus in an orderly manner; no pushing, shoving, or running.

Students violating the rules governing students riding school buses or the District Discipline Policy may be subject to the following disciplinary action:

1. Verbal reprimand
2. Conference with the student
3. Seat assignment
4. Referral to building administrator
5. Parent/student/administrator conference
6. Suspension from the bus

School Closing or Early Dismissal

The Des Moines School District provides a recorded message that is updated if there are cancellations or delays. If school is delayed or canceled due to severe weather or some other emergency, the decision will be announced to the Des Moines radio and television stations, the information will also be available on the DMPS website: www.dmschools.org.

When a decision is made by the superintendent to dismiss early or start late, each school receives instructions by telephone. Therefore, it is very important that parents tune to a news station when there is a question about school dismissing early, instead of calling the school. The school telephone lines need to be clear for directions from the superintendent. Parents may consult the district's website at www.dmschools.org.

To prepare your children for such events, teach them what you want them to do if school is dismissed early.

Sex Offender Registry

Access the website www.iowasexoffenders.com for a complete listing of sex offenders.

Sexual Harassment Policy

To protect the rights of every individual, sexual harassment will not be tolerated. For the complete district policy regarding sexual harassment, please refer to Appendix A.

Smoking Policy

All Des Moines Public Schools facilities are completely smoke free.

Staff/Parent/Student E-Mail Guidelines

Privacy Statement, Information Sharing and Disclosure, & Conditions for the Use of E-mail

Des Moines Public Schools will use reasonable means to protect the security and confidentiality of e-mail information sent and received. However, we cannot guarantee the security and confidentiality of e-mail communication, and will not be liable for improper disclosure of confidential information that is not caused by an employee's intentional misconduct. Thus, consent to the use of e-mail is implied when the e-mail address is provided.

It is our policy to treat all information that you provide to us as confidential. We will not disclose information about you to any third parties.

Where Can E-mail Addresses Be Located?

- Each school's web site is directed to have a current "Staff Listing" page. The school web sites can be located by clicking on the School Directory tab of the Des Moines Public Schools' website (<http://www.dmschools.org>).
- In the Contact Directory tab of the DMPS web site (<http://www.dmschools.org>) an "Employee E-mail Listing" link is present from which to search.

Risk of Using E-Mail

Transmitting information by e-mail has some risks. These include, but are not limited to:

- E-mail can be circulated, forwarded and stored in paper and electronic files.

- Backup copies of e-mail may exist even after the sender or recipient has deleted his/her copy.
- E-mail can be intercepted, altered, forwarded, or used without authorization or detection.
- E-mail is easier to falsify than handwritten or signed documents.
- E-mail senders can easily misaddress an e-mail.
- E-mail can be used as evidence in court.
- E-mail is public information.

Teacher/Parent Code of Conduct Response

Staff members will respond to e-mail messages in a reasonable amount of time. This will usually be within 24- 48 hours during the normal work week and by Monday afternoon for those messages sent Friday, Saturday or Sunday. Staff will not be expected to spend their limited time at home communicating online.

In the event that e-mail volume is unusually high or the staff member is unavailable, s/he may set up an "Out of Office" message to indicate when messages will be returned.

Parents should be ready to live by the same rules. If staff members are expected to return messages in a timely fashion, then parents should answer pleas for help from the teacher, club sponsor, or other school leaders in a timely manner as well.

Conduct

- Parent consent to use e-mail may be withdrawn in writing or by contacting the school's office manager stating you no longer want to receive information via e-mail. DMPS also reserves the right to remove you from our e-mail database and will notify you in writing.
- For matters of controversy or real distress, e-mail is not a good communication tool. When a serious matter that is upsetting the student, parent, or staff member must be discussed, use e-mail to set up a face-to-face appointment. Hostile e-mail will only exacerbate the situation and make all parties defensive. Issues of significant concern are best left to a personal meeting, which the use of e-mail can facilitate.
- Expectations of civility in communications are the same for e-mail as for face-to-face communication. Respect for one another should be evident in tone and language as well as content. Unfortunately, e-mail does not convey tone and affect and may cause the message to seem abrupt or confrontational when used in haste or anger.
- A barrage of e-mails should not occur to the point that e-mail is no longer a solution to communication, but harassment.

Student Photos

Each year, during registration at most schools, a photographer is present to take student pictures. Price and package information will be sent home each fall.

Student Records/Right to Review Records

Parents or guardians have the right to inspect and review the educational records of their child upon request. Non-custodial parents have the same right to inspect and review student records as custodial parents unless there is a specific court order to the contrary. The district will obey all court orders relating to custody issues and parental rights.

Therefore, the rights afforded parents under this policy may be limited in any individual situation. **It shall be the responsibility of a parent requesting any action by the school district relative to the rights of custodial and non-custodial parents to provide the school district with a copy of a current court order, decree or other documentation supporting the action requested.**

If you have questions, contact your building principal. For a copy of the District's complete records policy, please call the Records Department at 242-7833.

Visitors

We believe the most successful education of children depends on effective parent involvement, and we welcome you to visit. Before visiting any classrooms, we ask that you please stop in the office to sign in. The sign-in process allows us to know who is in the building and helps protect everyone in the school from strangers.

If you would like to have a special conference, please call in advance for an appointment.

Please note that other children visiting school, with or without parents can be a distracting influence in the classroom. If possible, please make arrangements for younger children to be cared for when you are making a planned visit

Volunteers

Volunteers are an important component of a successful school program. We welcome parents and other adults who are willing to give their time and talents to others. Students and staff appreciate the effort and sacrifice from our special friends, our school volunteers. Please call your local school to receive more information. Each school establishes guidelines for the effective use of volunteers.

Student Discipline Code and Procedures

Philosophy for Discipline

Discipline in the Des Moines Public Schools is a joint responsibility that should be shared by school staff, students, and their families. It is designed to promote behavior that will enable students to function successfully in their educational and social environments. The *District Discipline Code* is to be applied consistently and uniformly throughout the District so that students are treated fairly and equitably. The *District Discipline Code* is developed to help students understand their obligations to others in the school setting, and is reflective of the concern for the dignity and growth potential of each student as well as the commitment to the safety interests of all students, staff and the community.

Student Misconduct

The *District Discipline Code* provides a description of a broad range of behavior considered to be student misconduct. The behavior described should be viewed as representative of the misconduct that most frequently causes a disruption to the orderly educational process.

The acts of misconduct listed in Levels I, II, III, IV are not inclusive. The student who commits an act of misconduct that may be classified into any of the four levels will be subject to disciplinary action by the classroom teacher, dean of students, vice principal, or principal. Des Moines Public Schools administration reserves the right to make final decisions regarding disciplinary consequences.

General Discipline Guidelines for Assessing Penalties

The District may impose disciplinary consequences for conduct that interferes with the educational environment. When administering discipline, district personnel shall adhere to the following general guidelines:

1. Discipline shall be administered when necessary to protect students, school employees, or property and maintain essential order and discipline.
2. Students shall be treated fairly and equitably. Discipline shall be based on a careful assessment of circumstances of each case. Factors that will be considered in the administration of student discipline and factors that will be considered in determining the length of any suspension, alternate educational placement, or expulsion may include but are not limited to:
 - a. Seriousness of offense
 - b. Student's age and intent or lack of intent at the time the student engaged in the conduct.
 - c. Student's disciplinary history
 - d. Student's attitude
 - e. Potential effect of the misconduct on the school environment
 - f. State law requirements for certain disciplinary consequences
 - g. Whether the facts of the case warrant consideration of self-defense as a mitigating factor in the assessment of the punishment
 - h. Whether the student has a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct.
3. Serious offenses are those that substantially disrupt or materially interfere with the orderly process in the classroom, DMPS transportation, the school, or any school-related activity and may include persistent misbehavior of Level II or higher misconduct. An administrator may find, on the basis of the facts and circumstances of the case, that a Level III offense constitutes a serious offense. Finally, a finding that a student has engaged in any offense listed as an offense under Level III or Level IV constitutes a finding that the student has engaged in serious misbehavior.

Definitions

1. AEP (Alternate Educational Placement): Students are placed in an educational setting determined by the District for a period not to exceed two academic semesters. However, if it is determined that the
2. student is a threat to the safety of other students or a threat to District employees and it is determined that placement is in the best interest of the student, then the student's placement may be for a longer duration. In that situation, there is no limitation on the length of placement of a student in an AEP. Students are placed on a behavior improvement contract during their period of alternate educational placement. Serious violations of the discipline policy by students during the period of placement may result in a recommendation for expulsion.
3. Expulsion: The Board of Directors for the District may, by a majority vote, expel a student from school for a violation of the regulations or rules established by the Board, or when the presence of the student is detrimental to the best interest of the school. When a student is expelled he or she is not eligible to receive educational services from the District. The period of expulsion will not exceed two academic semesters.
4. Persistent: More than one instance of similar type misconduct.
5. Possession: Actual care, custody, control, or management. A student shall be considered to be in possession of any substance or object prohibited or regulated by the Discipline Policy if the substance or object is (1) on the student's person or in the student's personal property, such as the student's clothing, purse, book bag, or backpack; (2) in any private vehicle used by the student for transportation to or from school or school-related activities, such as an automobile, truck, motorcycle, or bicycle; or (3) in any school property used by the student, such as a locker or desk.
6. Serious Offenses: Substantial disruption or material interference with the orderly process in the classroom or school building.

General Procedures for Resolving School Problems

School problems can best be resolved at the campus level, where problems start. In order to resolve problems, parents, guardians, or students can meet with a teacher at appropriate times to discuss existing problems. If the parents, guardians, or students are dissatisfied with the teacher's decision or explanation, they can meet with the building administrator to review the area of concern.

If further assistance is needed, then parents, guardians, or students can meet with the executive director and/or regional superintendent. Parents, guardians, and students who wish to appeal the Alternate Educational Placement or who wish to appeal an expulsion should refer to the section of the *Code* relating to procedures for appropriate guidance.

Levels of Offense/Overview

Acts of misconduct are categorized into the following four levels of offense:

Level I — Teacher Response:

Offenses that generally occur in the classroom and can be corrected by the teacher.

Level II — Administrator Assisted:

Offenses that are more serious in nature or a continuance of Level I misconduct.

Level III — Administrator Response:

Offenses that seriously disrupt the educational process in the classroom, in the school, or at school-related activities, or a continuance of repeated Level II misconduct. A finding that a student has engaged in a Level III offense may constitute a serious offense.

Offenses that threaten to disrupt the orderly educational process of the classroom or school or offenses that demonstrate the student's presence is detrimental to the best interests of the school. A finding that a student has engaged in an offense listed under Level IV constitutes a finding that the student has engaged in serious misbehavior which may require alternate educational placement or recommendation for expulsion for serious offenses. A student may be disciplined for violating Level IV offenses if the misbehavior occurs on school property or at a school-sponsored or school-related activity regardless of whether the event is on or off school property.

Anti-Bullying/Harassment Procedure

The District will provide educational programs and opportunities for students as needed on the basis of individual needs, interests, abilities, and potential.

Harassment and Bullying Prohibited: Harassment and bullying of students is against federal and state law, and against the policy and procedures of the District. The District is committed to maintaining an educational environment free of any form of bullying or harassment by or toward students, parents/guardians, employees, and volunteers while in school, at a school sponsored activity, or at any school sponsored function. The District prohibits harassment or bullying based on the student's actual or perceived race, color, creed, sex, age, religion, marital or familial status, ethnic background, national origin, ancestry, physical or mental ability or disability, sexual orientation, gender identity, physical attribute, political party preference, political belief, or socio-economic background or familial status. Acts of harassment or bullying may be treated as grounds for discipline. Discipline may include suspension or expulsion of a student, termination of an employee, and exclusion of a volunteer from District activities or school premises.

Harassment and Bullying Defined: Any communication toward a student including electronic (such as e-mails or instant messages), telephonic, written or verbal communication, or any physical act or conduct that is based on an actual or perceived trait or characteristic that creates or could reasonably be expected to create an objectively hostile school environment is prohibited. An objectively hostile school environment is created if the act or conduct:

any form of sexual harassment. All employees, volunteers, and students must avoid any action or conduct which could reasonably be perceived as sexual harassment. It shall be a violation of these procedures for any person to harass a student through conduct or communications of a sexual nature as defined by this procedure. Sexual harassment shall consist of unwanted sexual advances, requests for sexual acts or favors, and other verbal or physical conduct of a sexual nature when:

- submission to such conduct is made explicitly or implicitly a term or condition of the student's educational opportunities or benefits; or

Complaint Procedures: Any person alleging a violation of these procedures may file a complaint using the *Complaint Procedures* of Series 400, Code 407, which is also described in the Employee Handbook.

Employees who are aware of harassment or bullying shall file a written complaint or shall report the conduct to a principal or to the District Investigations Specialist at 242-7841. The complainant may bypass any step of the complaint procedure where the person against whom the complaint is to be lodged is the alleged perpetrator.

Series 400, Code 407 shall govern the investigation of alleged cases of physical or sexual abuse, including sexual harassment, of students by staff members.

The complainant may be required to complete a written form and to turn over copies of evidence of discrimination, harassment, or bullying including, but not limited to letters, e-mails, tapes, signs, and pictures. The investigator shall promptly begin an investigation and proceed to completion. Both the complainant and alleged perpetrator will be given an opportunity to give a statement. District employees, students, parents, and volunteers shall fully and fairly cooperate in the investigation. A written investigation report shall be completed, and a summary of the report, including a finding that the complaint was founded, unfounded, or inconclusive, will be forwarded to the complainant, to the parent or guardian, and to the alleged perpetrator.

The investigator will consider the totality of the circumstances presented in determining whether the conduct objectively constitutes discrimination or harassment.

The right to confidentiality, of both the complainant and the accused, will be respected consistent with the District's legal obligations, and with the necessity to investigate the allegations of misconduct and to take corrective action when this conduct has occurred.

No Retaliation: No person shall retaliate against a student or other person because the student or other person has filed a discrimination or harassment complaint, assisted or participated in an investigation, or has opposed language or conduct that violates these procedures, as long as the participation or action was done in good faith. Persons who engage in retaliation or who knowingly file false complaints or give false statements in an investigation shall be subject to discipline up to and including suspension, expulsion, or termination of employment.

Corrective Action: The District will take action to halt any improper discrimination, harassment or bullying and will take other appropriate corrective actions, including disciplinary measures, which may include discharge, suspension, expulsion, or exclusion of a perpetrator to remedy all violations of these procedures.

Notification: Notice of these procedures shall be communicated to staff, students, and parents of the District and

to the District community. It shall be included in handbooks including those for students, staff and volunteers, on the District's web site, and shall be published in any manner as deemed appropriate.

Training: The District shall educate staff, parents, and students about harassment and bullying, effective methods of prevention, and what to do in the event of such actions. The District shall participate in assessments of the effectiveness of these procedures and education programs and shall make reports as required.

Other Agencies: Students, parents, and employees may also contact the Iowa Civil Rights Commission, the Des Moines Human Rights Commission, the Region VII Office for Civil Rights within the United States Department of Education in Kansas City, Missouri, or the United States Equal Employment Opportunity Commission in Milwaukee, Wisconsin, for assistance.

Anti-Hazing Procedure

Hazing Prohibited: Certain forms of hazing are illegal and subject to criminal sanctions in the state of Iowa. All forms of hazing are prohibited by the District both on and off District property. Hazing is a practice that diminishes the integrity of individuals and their teams, activities, and organizations. Hazing has no place in our society, particularly in an educational environment. The District is committed to emphasizing that all teams, activities, and organizations be made safe, educational, and constructive. Therefore, in support of the District's commitment to the mental, emotional and physical well-being of every student, hazing in any form is prohibited, and its practices in any manner are condemned.

Hazing Defined: Hazing occurs when an action is taken against a person for the purpose of initiation or admission into, or affiliation with any organization, team, or activity operating in connection with the District, and the action either results in or is reasonably likely to have the effect of endangering the physical or mental health of the person, or humiliating, intimidating, or demeaning the person.

Hazing includes, but is not limited to, any type of physical brutality such as whipping, beating, striking, branding, placing a harmful substance on or in the body; any physical activity such as sleep deprivation, exposure to the elements or confinement in a particular space; any activity involving consumption of food, liquid, alcoholic beverage, drug, or other substance that subjects a student to an unreasonable risk of harm; wearing of public apparel that is conspicuous or intended to embarrass or humiliate by drawing undue attention; or any activity that induces, causes, or requires a student to perform a duty or task that involves the commission of a crime.

Hazing shall not include any activity or conduct that furthers the legitimate curricular or extracurricular goals in a manner that is appropriate and customary for similar school programs.

Complaint Procedures: Any person alleging a violation of this *Procedure* may file a complaint using the *Complaint Procedures* of Series 400, Code 407, which is also described in the Employee Handbook. Employees who are aware of hazing shall file a written complaint or shall report the conduct to a principal or to the District Investigations Specialist at 242-7841. The complainant may bypass any step of the complaint procedure where the person against whom the complaint is to be lodged is the alleged perpetrator.

The investigator shall promptly begin an investigation and proceed to completion. Both the complainant and alleged perpetrator(s) will be given an opportunity to give a statement. District employees, students, parents, and volunteers shall fully and fairly cooperate in the investigation. A written investigation report shall be completed, and a summary of the report, including a finding that the complaint was founded, unfounded or inconclusive will be forwarded to the complainant, to the parent or guardian, and to the alleged perpetrator. The investigator will consider the totality of the circumstances presented in determining whether the conduct objectively constitutes hazing.

The right to confidentiality, of both the complainant and the accused, will be respected consistent with the District's legal obligations, and with the necessity to investigate the allegations of misconduct and to take

corrective action when this conduct has occurred.

No Retaliation: No person shall retaliate against a student or other person because the student or other person has filed a hazing complaint, assisted or participated in an investigation, as long as the participation or action was done in good faith. Persons who engage in retaliation or who knowingly file false complaints or give false statements in an investigation shall be subject to discipline up to and including suspension, expulsion, or termination of employment.

Corrective Action: The District will take action to halt any hazing and will take other appropriate measures which may include for students disciplinary actions including but not limited to suspension from school, removal or suspension from participation in athletic events or extra-curricular activities, or referral to an appropriate law enforcement agency. Should a staff member participate in, or condone, or fail to take reasonable measures to halt hazing activity of which he or she is aware, or about which he or she should have known; disciplinary measures will be taken up to and including termination.

Notification: Notice of this procedure shall be communicated to staff, students, and parents of the District and to the District community. It shall be included in handbooks including those for student, parents, and staff, on the District's Web site, and shall be published in any such manner as deemed appropriate.

Attendance Procedures
Series 500, Code 503,

The Des Moines Public Schools student attendance policy is created based on the belief that all families value the importance their child's education. Through a meaningful partnership with schools and consistent communication, together we can overcome obstacles that impact regular school attendance.

Attendance is the foundation for learning and achievement. When students attend class regularly they are exposed to fundamental reading and math skills and build habits of good attendance that carry them into the next stage of their life. Des Moines Public Schools is committed to working with students, families, and the community to ensure each student's personal and academic success.

In accordance with Iowa Code, Chapter 299, "The parent, guardian, or legal or actual custodian of a child who is of compulsory attendance age (6-16 years old), shall cause the child to attend some public school, an accredited nonpublic school, or competent private instruction."

Des Moines Public Schools strongly encourages parents/guardians maintain communication with school staff regarding their student's attendance in school. Parents/ guardians should make every attempt to notify a school in a timely manner when their student will be absent from school.

1. Health related absences • Medical appointment

• **Illness or medical injury** If a student misses more than 3 days in a row due to illness, parents/ guardians are encouraged to access their medical provider or DMPS Community Center and Clinic. Please call the Community Center and Clinic (515-242-8488) or contact your student's school nurse if you would like additional information about this service or other health services.

All other absences or absences without contact will be considered unknown. Examples include: skipping class or missing school without notification.

When a student reaches 10 unknown absent days in a school year, schools will review to determine if a referral to attendance mediation or truancy court will be made in addition to other interventions provided.

Education Equity and Employment Statement

It is the policy of the Des Moines Community School District not to illegally discriminate on the basis of race, color, national origin, sex, disability, religion, creed, age (for employment), marital status (for programs), sexual orientation, gender identity and socioeconomic status (for programs) in its educational programs and its employment practices. There is a grievance procedure for processing complaints of discrimination. If you believe you have (or your child has) been discriminated against or treated unjustly at school, please contact Thomas Harper at 2323 Grand Avenue, Des Moines, IA 50312, (515) 242-7709, thomas.harper@dmschools.org.

In addition, the District prohibits hostile work and learning environment harassment toward employees or students that are not allegations of discrimination. Complaints of hostile work or learning environment harassment may be filed with Dr. Anne Sullivan, Human Resources Department, at 2323 Grand Ave, Des Moines, Iowa 50312, (515) 242-7911.

The district is committed to maintaining a learning and working environment free of any form of sexual harassment toward personnel and students on school grounds, on school time, at a school-sponsored activity or in a school-related context.

COMPLAINT PROCEDURE

This complaint procedure has been developed to handle complaints of discrimination, harassment, or sexual harassment. Employees, applicants for employment, parents, students, and volunteers can file a complaint. Briefly, the complaint procedure includes the following steps:

1. Complainants may talk to their building principal or immediate supervisor to try to resolve the problem informally. If the complaint is based upon the conduct of the Complainant's principal or immediate supervisor, the Complainant may contact that person's immediate supervisor. Complaints should be reported as soon as possible after the event giving rise to the complaint.
2. If the Complainant prefers to proceed with a formal complaint, or if the matter has not been informally resolved, he or she may file a complaint with the District General Counsel or the General Counsel Investigations Specialist based on the allegation. Formal complaints should be filed by the Complainant within 30 days after the event giving rise to the complaint or it is determined the complaint cannot be informally resolved.
3. Within 10 working days, the appropriate investigator will begin the investigation. An investigation will include taking a written statement from the Complainant, the Respondent(s) named in the complaint, and those witnesses who have been identified who have relevant information pertaining to the complaint. Relevant documentation will also be collected and considered. During the investigation, a Respondent may elect to have a union representative, friend, counsel or any other individual present during interviews and subsequent meetings.
4. Within 30 working days, the investigator shall complete the investigation and issue a written report making findings with respect to the individual allegations set out in the complaint and rendering an ultimate finding as to whether the greater weight of the evidence, based on the entire record, indicates the District's policies have been violated. Under some circumstances, when many individuals are involved in the investigation or an extensive legal review must be done, the investigator will inform the Complainant of the expected date of completion beyond the 30 working days.
5. The District prohibits retaliation against an individual for filing a complaint. Any individual

intentionally providing false information in a complaint investigation may be subject to disciplinary action.

In the event the investigator finds:

- A. No violation of District policy, the findings will be shared by the investigator with the Complainant and the Respondent.
- B. A violation of the District's policies or no violation of the District's policies but other inappropriate behavior on the part of the Respondent, the findings will be provided:
 - 1) By the investigator to the Complainant and the Respondent; and
 - 2) By the investigator to Respondent's principal or the immediate supervisor, the director responsible for Respondent, and a representative of Human Resources Management. The Human Resources representative will inform the Respondent of any decision regarding disciplinary action.
 - 3) If disciplinary action is warranted, documentation of the disciplinary action will be placed in the employee's file or the student's file. All other information regarding the case will be kept in confidential files.
 - 4) The District has no jurisdiction to take disciplinary action over parents and volunteers. However, steps will be taken to ensure individuals do not continue to violate nondiscrimination policies on district property, school-related activities.

The complaint will be closed after the investigator has provided the information to the Complainant and the Respondent unless, within ten days of receipt of the final investigative report, either side files a written appeal to the superintendent setting out the reason(s) why they believe the decision should not stand.

In the event of an appeal, the Superintendent/designee shall review the written record and may meet with the appealing party. The Superintendent/designee may affirm, reverse, modify or remand the matter for further proceedings and shall, within twenty (20) days of the written appeal, provide the decision in writing to the appealing party.

Except in the event of a termination of a certified employee, the Superintendent's/designee's decision shall be final. A parent or guardian who disagrees with the school district's decision regarding a student's identification, evaluation or educational placement of program accommodations under Section 504 of the Rehabilitation Act of 1973 has a right to an impartial, third party hearing. They may contact the District Human Resources Department, 2323 Grand, Des Moines, Ia 50312 to use the internal complaint procedure. However the Complainant may seek legal advice of his or her choosing or file a formal complaint with the Des Moines Human Rights Commission, Iowa Civil Rights Commission, the Equal Employment Opportunity Commission, or other agencies. If the Complainant seeks other avenues of redress, the District may choose not to conduct its internal complaint procedures.

STUDENT HANDBOOK
LANGUAGE GENDER IDENTITY
Appendix E
Statement of Non-Discrimination

The Des Moines Independent Community School District does not discriminate on the basis of race, color, national origin, gender, disability, religion, creed, age (for employment), marital status (for programs), sexual orientation, gender identity and socioeconomic status (for programs) in its educational programs and its employment practices.

The District strives to create a supportive environment for its students. Discrimination, harassment, and bullying of students for any reason, including on the basis of gender identity and/or sexual orientation are prohibited by state law and District policy. Students who believe they have experienced or witnessed discrimination, bullying, or harassment should refer to page 19 of this handbook to learn how to file or make an internal complaint.

Complaints of discrimination or harassment based on a student's actual or perceived gender identity or sexual orientation must be handled in accordance with District Policy no. 507.

Definitions

1. Gender identity: A person's gender-related identity, which may be the same as or different from the person's sex assigned at birth.
2. Transgender: an umbrella term used to describe a person whose gender identity or gender expression is different from that traditionally associated with the assigned sex at birth.
3. Sexual orientation: an individual's enduring pattern of physical, romantic, or other attraction to another person. Sexual orientation is not the same as gender identity.

Privacy

In accordance with the Family Educational Rights and Privacy Act (FERPA), only those District employees with a legitimate educational interest are permitted to access a student's records. Absent consent from the parent or adult student (18 years or older), information contained in a student's records, including information regarding a student's sex, sexual orientation, gender identity, or transgender status may only be disclosed under the limited circumstances set forth in FERPA.

Students have the ability to discuss and express their gender identity openly and decide when, with whom, and how much of their private information to share with others. Schools should work closely with the student and parent(s)/guardian(s) to devise an appropriate plan regarding the confidentiality of the student's gender identity.

Requesting Support

The District recognizes that it is a highly personal decision for a student to determine whether they identify with a different gender than their sex assigned at birth. Students are encouraged to speak with a building administrator or guidance counselor if they need support or accommodations at school.

In some cases, transgender students may not want their parents to know about their transgender status. These situations must be addressed on a case-by-case basis and will require schools to balance the goal of supporting the student with the requirement that parents be kept informed about their children. The paramount consideration for school officials in such situations will be the health and safety of the student.

Student Names and Pronouns

Every student is entitled to be addressed by the name and pronoun that correspond to the student's identity including gender identity that is consistently asserted at school. Students are not required to obtain parental consent or a court-ordered name or gender change as a prerequisite to being addressed by the name and pronoun that correspond to their gender identity. Teachers and school staff should be made aware of and honor a student's request to be referred to by their preferred name and gender that correspond to their gender identity.

District-Maintained Records

The District may be required to maintain certain records including the student's name and sex assigned at birth (including, but not limited to, the student's permanent record). These records will only be maintained and used as required by law, policy, or rule, and will only be disclosed in accordance with such law, policy, or rule.

Any student, regardless of gender identity, must file appropriate court documents to get their legal name changed in their permanent record. Under the Family Educational Rights and Privacy Act ("FERPA"), a parent or eligible student may ask to have the student's education records amended if they are inaccurate, misleading, or in violation of a student's privacy rights. The District will respond to requests to amend information in student records for transgender students consistent with how other students' records are amended.

Other than documents where the student's name and sex assigned at birth are required to be listed, any reference to the student's name and gender should match the gender identity of the student.

Student "directory information," as defined by FERPA, is information that may generally be disclosed without prior consent from the parent or eligible student. Directory information is defined by District policy and families must receive notice each year of their rights under FERPA. Directory information shall not be used by the District in any way that intrudes on the privacy interests of students with respect to gender identity.

Restrooms and Locker Rooms

Administrators should discuss options available to the student and parent(s), including the use of the restroom or locker room of the gender with which the student identifies. While open discussions about safety, comfort-levels, and other situations are helpful, the student should be allowed to use the facility that corresponds to the student's gender identity. Students, including but not limited to transgender students, who are uncomfortable using a restroom deemed available for more than one person or for a particular gender should be provided with a safe alternative, such as a single gender-neutral restroom. Transgender students will not be required to use a separate or single-use facility if they do not voluntarily wish to do so.

In locker rooms that involve undressing in front of others, any student who voluntarily wishes to have additional privacy, regardless of that student's sex or gender identity, will be provided with an accommodation that best meets the needs and privacy concerns of that student. These accommodations may include, but are not limited to:

1. Use of a private area in a larger room such as a bathroom stall in a multi user restroom, an area separated by a curtain, or a nurse's or PE instructor's office.
2. A separate changing schedule, before or after other students use the facility.

Extra-Curricular Activities and Interscholastic Sports

The District encourages participation in District-sponsored activities for all students regardless of their gender identity. In general, student will participate in sex segregated interscholastic sports consistent with their gender identity. However, participation in interscholastic sports may be subject to the rules and requirements of the Iowa High School Athletic Association and/or the Iowa Girls High School Athletic Union. Participation in activities and sports will be determined on a case-by-case basis by a

team consisting of the appropriate Executive Director, Principal, and Activities Director of the school. If there is no Activities Director assigned to the school, the Executive Director shall choose one from another school within the District.

Physical Education/GymClass

Transgender students shall not be denied the opportunity to participate in physical education, nor shall they be forced to have physical education outside of the regularly scheduled class time. In general, students should be permitted to participate in gender-segregated recreational gym and physical education classes in accordance with their gender identity.

Student Dress

Students are allowed to dress in clothing consistent with their gender identity, including at school-sponsored special events (e.g., Prom).

Student privileges will be granted only for one academic year. Access privileges will be indicated on the student's ID card. A signature on the Individual System User Release Form indicates that the person signing the permission form has read and understood any supplemental information which may be provided with the permission form.

Security and Usage Guidelines

Appropriate language will be used in electronic mail and other electronic communications. System users will

be respectful of others' opinions.

System users will not seek information on, obtain copies of, or modify files, other data, or passwords belonging to other system users, or misrepresent other system users, or attempt to gain unauthorized access to the system.

The district unconditionally reserves the right for authorized personnel to review system use and file content. The district reserves the right to remove a system user account on the system or to disconnect any system user to prevent unauthorized activity.

Copyright

One of the most important issues to be addressed and taught to students is the issue of copyright and the related areas of trademark and licensing.

System users may download material for their own use in accordance with applicable copyright laws, district policy and administrative regulations. The Fair Use doctrine allows an individual to reproduce portions of copyrighted work for non-commercial purposes, in some instances. Reproduction beyond fair use requires the permission of the copyright holder or authorized person. Violations of copyright law could lead to civil liability with excessive penalties.

System users may upload public domain programs to the system. System users may also download public domain programs for their own use or non-commercially redistribute a public domain program. System users are responsible for determining whether a program is in the public domain.

Liability

Access by the district to the system will be through the establishment of individual accounts. The use of the accounts constitutes acceptance of the account and agreement by the system user to abide by the rules of conduct and to assume responsibility for the content of that account.

The district does not warrant that the functions and services performed by or the information or software contained in the educational technology resources will meet the system user's requirements or that the system will be uninterrupted or error-free, or that defects will be corrected. The district's system is provided on an "as is, as available" basis. The district does not make any warranties, whether expressed or implied including, without limitation, those of merchantability and fitness for a particular purpose with respect to any services provided by the system and any information or software contained therein.

Student permission forms shall include a provision that the student and his/her parents or guardians will hold the district harmless from student violations of copyright laws, software licensing requirements, student access of inappropriate materials, violations by the student of others' rights to confidentiality, free speech and privacy, and damage to systems accessed by the student.

Discipline

Appropriate discipline for student violations will be determined by the building principal or the principal's designee. Violations of the acceptable use guidelines, any district policy or procedure, or any federal or state law, rule or regulation may result in disciplinary action up to and including expulsion. 2. The search is conducted in a manner which is reasonably related to the objectives of the search and which is not excessively intrusive in light of the age and gender of the student and the nature of the infraction.

B. All searches of students or protected student areas must be reasonably related in scope to the circumstances which gave rise to the need for the search and based upon consideration of relevant factors which include, but are not limited to, the following:

DMPS Social Media Guidelines

Des Moines Public Schools recognizes the growing importance of social media and web 2.0 tools as a means of communications, including its use for personal and educational purposes, and acknowledges that its employees have the right under the First Amendment to speak out on matters of public concern. DMPS encourages the appropriate use of social media as a means to communicate, whether as an individual or as a school or related program if such use would be helpful in reaching out to the district's various constituencies.

However, the District has the right to regulate the speech of employees in specific circumstances. Accordingly, it is essential that employees conduct themselves in such a way that their personal and/or educational use of social media does not adversely affect their position with the District.

The purpose of these guidelines is to establish protocols for the use of social media by employees and to outline expectations for its use. Social media includes websites such as Facebook, Twitter, Tumblr, or other social media and web 2.0 tools.

Expectations for the personal use of social media

- Refrain from accepting current DMPS students as “friends” on personal social networking sites.
- Be aware that people classified as “friends” have the ability to download and share your information with others.
- Remember that once something is posted to a social networking site it may remain available online even if you think it is removed.
- Assume that anything you post to a personal social media site can be accessed by anyone and will be available forever.
- Set and maintain appropriate social networking privacy settings.
- Never use a social media site to discuss a DMPS student or employee in a way that is or could be perceived as derogatory, critical or in any manner that could be considered libelous.

Expectations for the educational use of social media

- All DMPS policies and state laws on the use of district-owned hardware, software and networks apply, as relevant, to the use of social media for a DMPS school, class or program.
- Notify your supervisor and the Office of Community Relations if you wish to establish a social media site for a school, class or program.
- If using Facebook, create an organization page for your school, class or program; do NOT use a personal Facebook page for school-related purposes (the Office of Community Relations can provide guidance on how to do this).
- Establish expectations for acceptable use on your social media site (see example at end of document).
- Do not post anything that advocates for or against a political candidate or initiative.
- Do not post images that include students without parental release forms on file.
- Pay close attention to the site's security settings and allow only approved participants access to the site.
- Behavior that is inappropriate in the classroom should be considered inappropriate online.

Expectations for all use of social media

- DMPS employees' online behavior should reflect the same standards of honesty, respect and consideration they adhere to in their face-to-face interactions
- Do not submit or post confidential or protected information about the District, its students, alumni or employees. You should assume that most information about a student is protected from disclosure by both federal law (the Family Educational Rights and Privacy Act (FERPA) and state law (Iowa Code Section 22.7(1)). Disclosure of confidential or protected information may result in liability for invasion of privacy or defamation and result in disciplinary action up to, and including, discharge from employment.
- Report, as required by law, any information found on a social networking site that falls under the mandatory reporting guidelines.
- Do not use language that could be considered defamatory, obscene, proprietary, or libelous. And exercise caution with regards to exaggeration, colorful language, guesswork, copyrighted materials, legal conclusions, and derogatory remarks or characterizations.
- Consider whether a particular posting puts your professional reputation and effectiveness as a DMPS employee at risk.
- Be cautious of security risks when using third-party applications that work with the social networking site.
- Run updated malware protection to avoid infections of spyware and adware that social networking sites might place on your personal computer.
- Be alert to the possibility of phishing scams that arrive through a social media site.

Establishing a district-related social media site

Anyone who wishes to establish a social media site for a DMPS office, school, class or program must first notify their supervisor and contact the Office of Community Relations. If you have questions, would like to start a social media initiative on behalf of a district entity, or have content you would like posted to the district's social media pages please contact:

- Phil Roeder: 515-242-8153 or phillip.roeder@dmschools.org
- Amanda Lewis: 515-242-8162 or amanda.lewis@dmschools.org

NOTE: If you create a Facebook page for a school, please add both Phil Roeder and Amanda Lewis as an "administrator" to your page.
